

Student's Objective: I will brainstorm, write, edit and publish an error-free character sketch for one of the major characters from Crash by Jerry Spinelli. My character sketch will be typed, organized into paragraphs, and will contain 1-3 character traits with details from the text as support.

Congratulations! You are ready to move on to our next set of objectives!

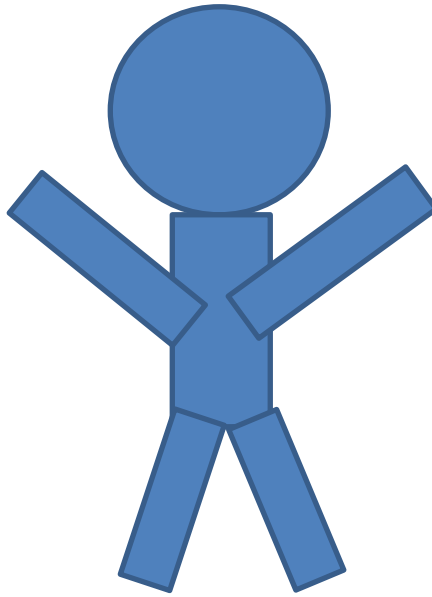

Your objective for the day is to begin Step 1: Brainstorming. First, use the graphic organizers to represent all of the main characters from the book. Next, in the "body" of each character, write as many character traits for each as you can think of (minimum of 3 each).

As a reminder, a character "trait" is a word or phrase that describes the character's personality.
